TESTIMONIALS.

San Jose, September

To the Standard Soap Co.—Gentlemen:

It affords me pleasure to say to the public that I have used and pres
PHOSPHATE SOAP as a remedy in various forms of cutaneo
with the happiest results. I am of the opinion that it is the mildes
perfect detergent that can be used, either for cleansing the skin and lo
and healthy, or for removing the fetor and corrod'ng influences of sor
ations. I should be sorry to be without it in shaving my face or mak
let, to say nothing of my good opinion of its remedial qualities.

A. J. SPENCE

San Francisco, Aug.

great pleasure to testify as to its superior excellence. As a toilet soap I
seen anything to surpass it. It also possesses superior remedial qualit
used it in two cases of obstinate skin disease, one of intolerable itchin
the other an *Eczema*. In both great relief was obtained. Its emoll

LANDING OF THE PILGRIMS ON PLYMOUTH ROCK

December 22d, 1620.

By Felicia Hemans.

The breaking waves dashed high
  On a stern and rock-bound coast,
And the woods against a stormy sky
  Their giant branches tossed ;

And the heavy night hung dark
  The hills and waters o'er,
When a band of exiles moored their bark
  On the wild New England shore.

Not as the conqueror comes,
  They, the true hearted, came ;
Not with the roll of the stirring drums,
  And the trumpet that sings of fame ;

Not as the flying come,
  In silence and in fear ;—
They shook the depths of the desert gloom
  With their hymns of lofty cheer.

Amidst the storm they sang,
  And the stars heard, and the sea ;
And the sounding aisles of the dim woods rang
  To the anthem of the free.

The ocean eagle soared
  From his nest by the white wave's foam,
And the rocking pines of the forest roared,
  This was their welcome home.

There were men with hoary hair
  Amidst that pilgrim band:
Why had they come to wither there,
  Away from their childhood's land?

There was woman's fearless eye,
  Lit by her deep love's truth;
There was manhood's brow serenely high,
  And the fiery heart of youth.

What sought they thus afar?
  Bright jewels of the mine?
The wealth of seas, the spoils of war?—
  They sought a faith's pure shrine!

Ay, call it holy ground,
  The soil where first they trod;
They have left unstained what there they found,
  Freedom to worship God.

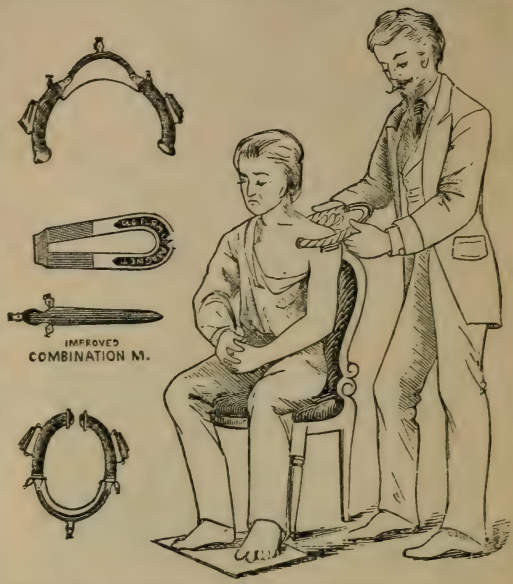
DR. SMITH'S NEWLY INVENTED



MEDICAL MAGNET.

The claims of the institution are that, by combining all the varied processes of Water Cure, so popular in the Eastern States and Europe; together with Electro-Motorpathy, proper Medicines and a healthy Dietary, nearly every form of chronic diseases, nervous, mental or vital derangement, can be speedily and permanently cured. And that there is not one invalid in twenty suffering from **Inflammatory**, Chronic Mercurial and Sciatic Rheumatism or Neuralgia that cannot be permanently cured in from four to six weeks' time. Where there is a fair constitution left we seldom fail to cure in a few weeks Paralysis, Lung, Bronchial and Catarrhal Affections, diseases of the Heart, Kidneys and Liver; Constipation, Scrofula, Piles; Inflammation of the Bowels, Chronic and Acute Diarrhea; and all Diseases and Weaknesses peculiar to Males and Females.

In connection with the above healing appliances Dr. Smith has for the past four years been using his newly invented **Adjustable Medical Magnet**, the most powerful remedial agent in the world for the relief of PAINS and CURE OF DISEASE, especially SPINAL diseases, Weak and Lame Back with Kidney complications. It removes congestion and restores weak joints to strength and stiff joints to supple action.

MRS. DR. SMITH, as Matron, has charge of the Female Bathing Department.

CENTRAL

GARDENS ASSOCIATION.

DIRECTORS:

P. B. NAGLE, T. W. HINCHMAN, SEIXAS SOLOMONS,
P. H. BLAKE, MILO HOADLEY. R. T. VAN NORDEN,
MARCUS M. COOK, Treasurer.

The Gardens will be laid out in walks, its grass and clover spots will be formed in artistic shapes, its shrubbery, flowers, etc., of the choicest and most varied kinds, all under the direction of skillful gardeners. There will be fountains, aviaries, conservatories, menageries, fish ponds, and a large pond for the accommodation of Sea Lions. Already a collection of the above has been secured. It is intended that every convenience for the repose and refreshment of visitors and pleasure-seekers will be maintained. A RECREATION GROUND; also due space for games, athletic sports, flying horses, roundabouts, swings, pneumatic railroad, etc., will be provided. A CAPACIOUS AMPHITHEATRE will be erected, from which balloons will be anchored, from which the less venturesome but funny ones may ascend almost through the clouds, or "go up in a big balloon boys." The Pavilion to be erected will accommodate over 5,000 persons in a comfortable and agreeable manner.

The Central Gardens

Are situated at the junction of Central Avenue and Geary street or Lobos Avenue, and will have several entrances on each avenue. At its western slope (owing to to its elevation) the view is unsurpassed by any point in the city. Upon this slope it is proposed to erect an Observatory and furnish it with telescopes, camera-obscuras and other essential instruments and details.

THUS A MAGNIFICENT PANORAMIC VIEW

Will be obtained of Mount Diablo on the East, the Farralones on the West, the Coast Range and the waters of San Pablo Bay on the North, even unto Mount Hamilton on the South. Not far distant can be seen the picturesque heights of the San Bruno range of mountains, the Presidio, Angel, Alcatraz and Goat Islands and their fortifications, with which our beautiful bay is surrounded.

It is very accessible, being on the Geary-street Cable Road, at its terminus, and immediately in front of the Lone Mountain or Central Railroad, at Central Avenue. The Steam Dummy Train running in connection with the former, passes the Gardens en-route to Golden Gate Park. The California and Sutter Street Cable line runs to Central Avenue.

12TH & CASTRO STS., OAKLAND

126 KEARNY ST., SAN FRANCISCO.

The Most Complete Printing and Publishing House on the Coast.

PLAIN AND ORNAMENTAL

BOOK AND JOB PRINTING,

BOOK BINDING,

Paper Ruling and Blank Book Work.

DESIGNING AND ENGRAVING A SPECIALTY.

THE PACIFIC PRESS PUBLISHING ASSOCIATION.

THIS Association was organized in the Spring of 1875, and owns 100 feet of land facing Castro Street, and 140 feet facing Twelfth Street, and for business purposes has two large buildings, one fronting Castro and the other Twelfth Street, containing over twelve thousand square feet of floor space.

The facilities of this house for job, book, and newspaper printing are unsurpassed, and, although located several blocks from the center of trade, by careful attention to business and the interests of its customers, it is able to gain and keep the better class of Oakland patronage.

Early in the spring of 1879 the increasing San Francisco trade rendered it necessary to open an office in that city. Rooms were accordingly taken at 126 Kearny Street, Thurlow Block, under the management of J. W. Gardner, who can talk business to San Francisco in seven different languages.

We call your special attention to the following advantages possessed by this house for doing first-class work at the lowest prices:

1. *We pay no rent.* The Pacific Press Publishing Association owns the buildings in which it operates, and owns the ground upon which the buildings stand.

2. *We own our source of water supply,* and no corporation exacts a toll on one inch of the water used in any of the departments of our concern.

3. *We manufacture our type, leads and rule,* and supply these articles, of superior quality, to the trade.

4. *We are our own importers of paper.* All the stock used in our Book, News and Job Rooms, and Bindery, is imported in large quantities by ourselves, thus saving the heavy commission which houses buying small lots from jobbers are uniformly compelled to pay.

5. *We do our own designing, engraving, electrotyping and stereotyping.* And by this we mean that each of these departments is conducted under our own roof, and each is in charge of skilled and trustworthy artists.

6. *We do our own book binding and paper ruling,* besides ruling job lots to order for the trade or for individuals requiring exceptional work.

In the way of steam power and printing machinery, etc., the establishment is abundantly supplied.

It is hardly necessary to add that we have our own machine shop, where all repairs are made, tools sharpened, and scores of little things attended to which effects a saving in every department, keeps our machinery in the best possible order, and facilitates work.

A specialty is made of music printing, which feature musicians and publishers will do well to consider.

Address all orders to PACIFIC PRESS,
12th and Castro Streets, Oakland, Cal.
Or 126 Kearny Street, San Francisco.
